

My name is Yolanda Pitts, and I am pursuing my graduate degree in Accounting. I am the current past - President of Tau Sigma National Honor Society and current president of Delta Mu Delta (International Honor Society for Business Students). I have received certificates in Student Leadership from the National Student Advocacy program in Washington D.C. and the GSU CEO Leadership Program. As a first generation graduate, it has always been important to me to be a good role model. My academic achievements have encouraged my family members and friends to follow in my footsteps. "My son has just been admitted to the 2015 GSU Freshman class."

Since coming to GSU I have challenged myself to become better at every level; first becoming an active member of the Student Senate, and now as the Board of Trustees Student Representative. I believe that I can become greater than I am. It is my belief that great leaders are not born but they are trained by other great leaders.

I reside in Chicago, Illinois with my husband and four children.
