Speech-Language Pathology Prerequisite Courses
May 15 – August 6, 2017
(registration closes May 22nd)

Want to be a Speech-Language Pathologist?
Get your first five courses this summer...and be ready to
apply to grad school this fall!

We have added new summer offerings of most of the fundamental Communication Disorders (CDIS) undergraduate courses and arranged them so that in just 12 weeks, students outside the major – including post-bacs – can get just about all they need to be eligible to apply to an SLP master’s program in the fall! This could be a great jump-start for those switching careers, or those wanting to expand career options.

This is a special opportunity designed specifically for

- **People with a bachelor’s degree in some other field who want to apply to speech-language pathology and audiology grad programs**
- **Undergraduate students in other majors who would like to have an option to continue into a grad program in speech-language pathology or audiology**

Schedule

CDIS 3300: Introduction to Communication Disorders (3) Wednesday, 9:00 – 12:00

CDIS 3400: Phonetics (3) Wednesday, 4:30 – 7:20

CDIS 3500: Speech and Hearing Science (3) Monday & Wednesday 1:00-4:00 (first six weeks)

CDIS 4100: Language Development: Early Stages (3) Thursday 4:30 – 7:20

CDIS 4400: Introduction to Audiology (3) Monday & Wednesday 1:00-4:00 (second six weeks)

How to enroll

Current GSU students: Register through your MyGSU Portal by May 22nd

New to GSU: Apply to GSU as a Communication Disorders major
