

Bachelor of Health Administration

Managing the Business of Health and Healthcare

**Business is booming in American healthcare.
And Health Administrators are on the front lines.**

Outstanding Preparation

The **Bachelor of Health Administration** degree from Governors State University is designed to take you from an introductory understanding of health administration to a comprehensive background in the vital aspects of health and healthcare management.

Coursework covers diverse topics from ethics and politics in healthcare, to institutional management and healthcare law. You'll learn informatics, healthcare economics, statistics, human resource management, and planning.

When you're finished, you'll be ready to enter the challenging field of health administration and meet the demands of a new career.

Affordable Education

Grounded in the idea that an education should be accessible to those with the ability and desire to succeed, Governors State University has fought hard to maintain a low tuition, without sacrificing the academic and professional quality of its programs. The result is an affordable education that allows you to reach your goals with a minimum of student debt.

Assurance of Quality

The **Bachelor of Health Administration** program is fully certified by the Association of University Programs in Health Administration (AUPHA). As a member of AUPHA, the college's undergraduate program is recognized as one of the premier health administration programs in North America.

Accessible Programs

With jobs, careers, or families that demand your time, the Health Administration degree and certificate programs are offered on a part-time basis. Manage your education on your terms. Live your life, meet your responsibilities, and move ahead in your career.
