

School Counseling Certificate – Post MA

ISBE Licensure

The Illinois State Board of Education has approved the School Counseling program to prepare candidates for the Professional Educator License-Endorsed in School Counseling. Candidates seeking to be recommended for this credential shall either (1) hold or be qualified to hold a teaching certificate from a regionally accredited institution, or (2) have completed the GSU or equivalent teaching competence courses (i.e. EDAD 7801, COUN 7620, COUN 6622 and SPED 6101).

All School Counseling students must provide evidence of successful completion of the Test of Academic Proficiency [formerly the Illinois Basic Skills Test] OR the ACT (with a score of 22, including the writing portion) OR the SAT exam (with a score of 1030) **prior to admission to the program**. All School Counseling students must present evidence of passing the ISBE School Counselor Proficiency Test before they will be recommended for the Professional Educator License-Endorsed in School Counseling.

Student Progress

The faculty monitor and evaluate student progress continuously. The Counseling Department Faculty and Student Handbook provides a specific description of the standards used to evaluate student progress.

Conditional Continuation

The faculty may permit a student to progress conditionally. In such cases, faculty review of the applicant's record and performance identifies evidence that the student is likely to be successful in the program. The status of all students permitted to progress conditionally is reviewed by the faculty each semester, and students are informed in writing of the conditions necessary for them to be transferred to good standing status. When conditions are met, the student is transferred to good standing status. Students may not be admitted to the culminating project without achieving good standing status.

Certificate Requirements

Students must meet all university requirements for a certificate. See the internship manual or materials for additional information. In addition, candidates must complete all relevant requirements in the "Teacher Education and License" section of the University Catalog. A 600-hour internship is required for all counseling students. Prior to receiving the university recommendation for the Professional Educator License-Endorsed in School Counseling, students must provide evidence of having passed the School Counselor content area examination of the Illinois License Testing System.

School Counseling Certificate – Post MA

I. Required Preparation/Prerequisite Courses (30 Hours)

Counseling Course Prerequisites

- COUN6630 Counseling Theories (3)*
