

New Leaders Mentor Program

"Inspiring Others to Succeed"

GOALS OF GOVERNORS STATE UNIVERSITY'S NEW LEADERS MENTORING PROGRAM

Governors State University, School of Extended Learning is proud to announce the revitalization of The New Leaders Mentor Program! This program is designed to help develop dynamic instructional leaders by providing:

- New school leaders (Principals, Assistant Principals, Directors etc.) with experienced leaders
- Structured non-threatening support to help develop leadership skills in managing data, people and processes that promote student achievement
- A better understanding of performance expectations based on the Illinois Professional School Leaders Performance
- Strategies that help new leaders identify areas of strength and areas for performance growth
- 50 hours of professional development

MENTORING AND PROFESSIONAL DEVELOPMENT ACTIVITIES FOCUS ON:

- Strategies to improved student learning
- Improved culture and climate of the school community
- Promoting Safety and Social Justice for ALL Students
- Analyzing data for student improvement
- Collaboration and networking
- Engaging the school community
- Reflecting on Protégé's practice

BENEFITS OF MENTORING

- Addresses the needs of newly appointed leaders
- Promotes the success of new leaders
- Foster partnerships in problem solving and decision making
- Exposure to ideas from different systems
- Develops a long lasting professional relationship
