**Focus Area: Auxiliary Services & University Housing**

**Leader(s): Mushtaq Choudhary & Corinne Martin**

**Implementation Year: 2017-2018**

**Goal 1: Provide a model residential program defined by a supportive, caring and inclusive living and learning community with high levels of engagement by resident students both on campus and in the community**

<b>Objective 1:</b>	<b>Increase residential student engagement in co-curricular, service and leadership activities.</b>
<b>Action Items</b>	<ol style="list-style-type: none"> <li>1. Partner with CECSC to sponsor one residential service event each semester.</li> <li>2. Formally assess student interest to identify what types of programs/activities Prairie Place students want to see in Prairie Place.</li> </ol>
<b>Indicators and Data Needed</b> (Measures that will appraise progress towards the strategic objective)	<ol style="list-style-type: none"> <li>1. Monthly meetings with CECSC staff to plan service event</li> <li>2. RAs ask via survey types of programs/events interested in (during mandatory first floor meeting)               <ol style="list-style-type: none"> <li>a. Corinne/Abby meet with RAs during 1:1s to align resident interest to programming model</li> </ol> </li> </ol>
<b>Responsible Person and/or Unit</b> (Data collection, analysis reporting)	<ol style="list-style-type: none"> <li>1. Corinne/Abby</li> <li>2. Corinne/Abby               <ol style="list-style-type: none"> <li>a. RAs turn in survey responses to Corinne/Abby</li> </ol> </li> </ol>
<b>Milestones</b> (Identify Timelines)	<ol style="list-style-type: none"> <li>1. Idea for program by September 15/February 15 – implementation of program by early Nov/April</li> <li>2. Survey to be developed by Aug. 4<sup>th</sup></li> </ol>
<b>Desired Outcomes and Achievements</b> (Identify results expected)	<ol style="list-style-type: none"> <li>1. Have at least 3 meetings per semester; Sponsor one residential service event before December 1 for fall and before May 1 for spring.</li> <li>2. Increase student participation during programs</li> </ol>
<b>Achieved Outcomes &amp; Results</b>	<ol style="list-style-type: none"> <li>1. VISTA intern moved in Oct. 28<sup>th</sup>. Meeting scheduled for December winter break for Clothing Exchange event. Idea for both events to occur in spring due to late hiring of intern.</li> <li>2. RAs surveyed residents at first floor meetings using Interest Survey – have noticed attendance of 15-30 people per smaller program               <ol style="list-style-type: none"> <li>a. RAs have utilized Interest Survey results to plan programs</li> </ol> </li> </ol>
<b>Analysis of Results</b>	<ol style="list-style-type: none"> <li>1. VISTA intern never reached out for Clothing Exchange. VISTA intern moved out of PP mid-spring. Instead, A/RHD organized food and clothing collection for EOY closing period; collected 1 full cart of food donations for the GSU Food Pantry, 1 full cart of business clothing/accessories/shoes for the GSU4U Career Closet, 4 full carts of clothing/electronics/house items for the Salvation Army. Hall Staff team plans to implement this type of collection for all future end of term closings.</li> <li>2. List of programs provided by RA/FIR/HC staff members for the full academic year can be found at the following location, titled “.Program Tracker”: U:\Auxiliary Services\Housing - Prairie Place Programming\2017-2018               <ol style="list-style-type: none"> <li>a. It was suggested by RA Staff to continue use of the Interest Survey during First Floor Meetings to attain program preferences from resident students. Continued use of the Suggestion Box for Hall Council should also be more advertised by the desk/RA staff in future years to allow Hall Council to also create programs that residents prefer.</li> </ol> </li> </ol>

<b>Objective 2:</b>	<b>Effectively utilize a comprehensive programming model that provides meaningful programming and dialogue opportunities for residents to develop relationships, learn about self and the world around them.</b>
<b>Action Items</b>	<ol style="list-style-type: none"> <li>1. Implement Jaguar Wins programming model</li> <li>2. Create a program tracking/recording system</li> </ol>

FiR program tracker is also located on a tab on the RA/HC program tracker. Found here: U:\Auxiliary Services\Housing - Prairie Place Programming\2017-2018</li> </ol>
<b>Analysis of Results</b>	<ol style="list-style-type: none"> <li>1. All FiR programs had an RA collaborating for planning and implementation purposes. Description of program and attendance outcome is found on the Program Tracker. Suggestion from FiRs was to move toward a more mentor-type model to allow FiRs to better connect and impact residential students in their academic cohorts. Suggestion of programming for each cohort was suggested for the following year.</li> <li>2. The same Program Tracker for RAs also tracked the HC and FiR programming efforts.</li> </ol>

<b>Objective 5:</b>	<b>Increase residential student knowledge on process and timeline for submitting a work order.</b>
<b>Action Items</b>	<ol style="list-style-type: none"> <li>Implement a consistent tracking and follow up process for all work orders submitted</li> <li>Implement a "How To Submit" a Work Order Campaign</li> </ol>

Increase positivity on Quality of Life survey on work order</li> </ol>
<b>Achieved Outcomes &amp; Results</b>	<ol style="list-style-type: none"> <li>1A. How-To and tracking log was created and implemented starting with the month of July (each month is per tab); Assistant Director meets weekly with Facilities to go over status of work orders. Found here: U:\Auxiliary Services\Housing - Work Request Process</li> </ol>

	<p>1B. Implemented standing biweekly meeting with RHD\AD\Facilities Key Staff Team</p> <p>2A. Signage about work order process in PP; Students have stopped by C1330 or PP Office to follow up if work request not completed</p> <p>2B. Article in first newsletter detailing how to submit a work order, will revisit mid semester if necessary</p> <p>2C. Abby completed semester front desk training on August 23<sup>rd</sup>. Additional ongoing training to be completed as necessary</p>
<b>Analysis of Results</b>	<p>1A. How-To and Log were successful in assisting staff of keeping track of work orders submitted to housing staff and allowed Assistant Director to check on status of work orders during weekly meetings.</p> <p>1B. The overall percentage of work orders submitted to University Housing staff from July 2017-April 2018 being completed in two weeks is 67.9%. The month with the highest completion percentage is April and the month with the lowest completion rate is February. The month with the highest completion percentage was due to the RHD/AD following up and requesting updates on work order items with facilities engineers and the month with the lowest completion percentage was due to facilities following up and completing WO from the Winter Break period, where there was a high submission at the close of fall semester by Housing staff.</p> <p>2A. Based on the quality of life survey results only 28.84% of survey respondents believe it was easy to submit a worker order which is down 11% from last year. Some of the reasons are the location of the work order link and students not knowing how to operate the platform.</p> <p>2B. Based on the quality of life survey 25% of respondents believed that work orders were submitted in a timely manner (same as the previous year) and 34% disagreed that they were completed in a timely manner but the disagreement is down 5 percentage points from the previous year. The follow up process implemented seems to have assisted in slightly decreasing the disappointment with the timeliness of work orders however a process will need to be developed to track when students submit work orders so those can have the regular follow up as well.</p>

<b>Objective 6:</b>	<b>Increase residential student satisfaction with cable television services.</b>
<b>Action Items</b>	<ol style="list-style-type: none"> <li>1. Implement new television package with additional channels</li> <li>2. Implement process for ensuring all channels are operating</li> </ol>
<b>Indicators and Data Needed</b> (Measures that will appraise progress towards the strategic objective)	<ol style="list-style-type: none"> <li>1. New television channels will be selected with package update to include Cinemax and HBO</li> <li>2. Have desk staff check to make sure all channels are working on a weekly basis</li> </ol>

<b>Desired Outcomes and Achievements</b> (Identify results expected)	<ol style="list-style-type: none"> <li>1. Students satisfaction with Cable TV services will increase on QoL in April 2018</li> <li>2. Department will be able to manage Cable TV outages in a timely manner</li> </ol>
<b>Achieved Outcomes &amp; Results</b>	<ul style="list-style-type: none"> <li>• New cable system installed on August 9, 2017; ORCA TV installed in mid-Nov.</li> <li>• Cable content updated and new channel guide placed on housing website <a href="http://www.govst.edu/Campus_Life/University_Housing/Cable_Television_Services_-_Prairie_Place/">http://www.govst.edu/Campus_Life/University_Housing/Cable_Television_Services_-_Prairie_Place/</a></li> <li>• RHD in Prairie Place has set up process whereby all channels are checked weekly to ensure they are on line</li> </ul>
<b>Analysis of Results</b>	<ol style="list-style-type: none"> <li>1. Student satisfaction was reported through the QOL Survey that 46.16% of students agree/strongly agree that the Cable TV services met their needs. This was an increase of 19.55%</li> </ol>

from the 2016-2017 academic year.

2. Any issues reported by residents or staff were managed within the next business day. To ensure proper function of the Cable TV services, the front desk completed a channel scan on a daily (Monday-Friday) basis to ensure all channels were in functioning order.
