
LMRC LOCAL RESOURCES

June, 2021

As we begin the process of Community Mapping and our Community Needs Assessment, a central list of existing Logan and Mason County resources is available and being updated on the following websites:

Logan County

Mason County

We are also in the process of adding a ROSC Focus Page to both of these sites, with the goals of:

- Connecting available services with the members of the public who are searching for them.
 - Explaining our mission within the Logan and Mason County communities.
 - Acting as a landing page for all public facing ROSC campaigns and events.
- Publishing the eventual results of our Community Needs Assessment to be accessed by members of the public and the media.
 - Promoting our eventual efforts towards Stigma Reduction within the community.
 - Collaborating with any existing local and state efforts with similar goals.
