

Inclusion of Non-Member Participants

DuPage ROSC has done extensive outreach to the wide-array of services and supports in DuPage County. We aim to enhance the continuum of substance use and co-occurring disorders care, and our outreach is reflective of that.

A culture of recovery includes (begins with) those representing organizations in DuPage County. We invite your participation, expertise and guidance. While keeping with the spirit and philosophy of ROSC, the Council will primarily be made up of Persons with Lived Experience (PLEs): those in recovery, their families, friends and allies. Many organization employees fall into the PLE category.

Our meetings are open to everyone who interested in improving the infrastructure of recovery supports. We encourage your participation. Voting Council members is limited to those who identify as PLE's. Non-voting council members are encouraged to attend and contribute your expertise to the ROSC meetings, public events, etc.
