

Writing Careers Resource Guide

Careers in Environmental Journalism - <https://www.sej.org/>

The Society of Environmental Journalists website provides an attractive alternative for English majors who also wish to work on environmental issues. Included are many web links for minority awards and scholarships in this field.

Careers.org - <http://www.careers.org>

Sponsored by the search engine, Google, which gives much information on job outlook, some salary information, and ways to search for employment both nationally and internationally.

The Writing Center, Inc. - <http://writingcenter.com>

Free articles, resources, recommendations and career guides to assist job seekers in choosing different writing careers and types of writing.
