

Community Closet

A PROGRAM OF

arrowleaf®

Growth. Community. Transformation.

What is the Community Closet?

The Community Closet is available to individuals needing immediate access to material goods such as household supplies, hygiene products, clothing, caregiver, and baby supplies. The closet is supported by Molina Healthcare of Illinois and with private donations.

Who can use the closet?

The closet is accessible to anyone in the southern seven counties of Illinois. There are no income or family requirements to utilize the program. An individual does not have to be a client of Arrowleaf to use the closet. You don't need a referral or appointment.

How often can someone use the closet?

An individual or family may utilize the closet once per month, however, emergency assistance may be requested in between monthly visits as supplies are available.

Can I make a donation?

Of course! Individuals may make monetary donations to the closet with a credit card by visiting www.myarrowleaf.org/donation-form/. Monetary donations will purchase additional supplies to support the three closet locations. For a list of approved physical contributions please email info@myarrowleaf.org.
