TOUCHETTE:

[Inpatient Care – Their inpatient services are for individuals in need of an intensive level of care and a safe treatment environment to reintegrate into their family life and community. They serve both voluntary and involuntary patients aged 18 years and older. Various illness/diseases are treated such as: crisis intervention, crisis stabilization, medical management, individual therapy, discharge planning, community linkage and consultation. Inpatient Services now also include a Geriatric Inpatient Program for patients 55 and older.](#)

Outpatient Care – Their intensive outpatient program is designed to provide individuals with disabling mental health conditions an individualized, comprehensive, and multidisciplinary treatment program. Intensive outpatient services include comprehensive assessment and evaluation, medication management, mental health education, substance abuse education, group therapy sessions, individual and family therapy, and goal setting.
