

West Central IL ROSC Community Resource Assessment

Members of the West Central IL ROSC have participated in several interviews and conversations over the past few months. These interviews and conversations were done to help assess the community, as well as the recovery climate and resources in the four county service area. People interviewed were pleased with the recovery available in our area. There is a thriving 12 step community, access to harm reduction supplies, Bridgeway has 3 physical locations for outpatient services and access to recovery support services. Oxford House established the first sober living home in Galesburg in June of 2023. All four counties have amazing Drug Court Programs that are very involved in ROSC. We have built strong and diverse partnerships across the four counties.

There were some gaps and barriers identified in the interviews conducted.

1. Lack of Detox
2. Lack of Inpatient Treatment
3. Lack of Women's Sober Living
4. Transportation
5. Stigma
6. Awareness of Community Resources
