

GBPS Minutes-January 2024

1. Discussed ways to bring a community together by doing a walk, using the media to put out a strong message about the ROSC council in their community,
2. The importance of meeting with the police and aldermen in the community, and also the schools, will build a strong ROSC council.
3. Making sure people understand ROSC holistic approach to recovery, and is not a haymarket recovery like the 12 step programs.
4. The communities need to feel that ROSC is there to create long-lasting partnerships.
5. Narcan training in the communities is needed, so everyone will have the knowledge on the use of narcan, there have been challenges with using narcan, putting together training.
6. The mindset within the community is in need of change.
7. Communities that have poverty as a problem which leads to drug use, one of the solutions of course is recovery and job training.
8. Transition Training Services (TTS) offers free training in carpentry, electrician, flagger certification, painting and plastering, and also training in becoming an entrepreneur.
9. The importance of daily affirmations.
