Sign In: 19 Attendees

5 PLE

Notes: The February meeting for the McDonough/Fulton County ROSC was a great success. We had representation from 17 agencies as well as 5 PLE. Agencies represented included; Chestnut Health Systems, Bridgeway, ROE 26, Veterans Association, Birth to Five, Trinity Lutheran Church, Early Beginnings/IRIS, WIRC, Center for Youth and Family Solutions, Oxford House, Genesis Gardens, Salvation Army 360, North Central Behavioral Health, AHEC, McDonough County Health Department, and TASC. TASC's Program Manager and Project Lean Koren Vanderweele gave a presentation on the Deflection Initiative. This is a program that is seeking to help individuals get set up with help and resources before they enter the judicial system. Deflection is planting sites all over the state of Illinois with the ultimate goal of having the entire state blanketed in Deflection. MFCI ROSC was very engaged and showed much interest in the Deflection Initiative that currently covers McDonough and surrounding counties. A nice discussion and Q and A followed the presentation. MFCI ROSC has met with superiors to discuss upcoming projects, review strategic plan, and hire a new coordinator for the McDonough/ Fulton County ROSC.

## **Welcome**

**ROSC**

**ROSC Mission:**

## **Welcome**

### **ROSC Mission:**

"Collaborating to build and empower communities of recovery"

### **ROSC Vision:**

- People can and do recover.
- Individuals and families determine the supports and services they need.
- Services and supports are continuous and cohesive across different phases of care and are coordinated across the various agencies involved in their delivery.
- Support of recovery is a community responsibility and value.
- There is inherent flexibility in the system, so it can be responsive to different pathways to recovery.
- Measuring quality and outcomes is a system priority.

### **ROSC Values:**

- Recognize the right of a person to direct their own recovery
- Recognizing that there are many models of, and paths to, recovery
- Operate with integrity and a sense of personal responsibility
- Include the "voice" of peers, family members, and the community in planning and decision-making
- Implement programs with competency and good stewardship
- Empower individuals and families
- Embrace cultural diversity

### **ROSC Goals:**

- Inform, educate and empower individuals and communities
- Determine existing services available as well as the needs to expand necessary services in the areas of prevention, treatment, peer recovery support and systems improvement

- Partnerships that are rich and diverse
- Increase in the number of people pursuing recovery, improving recovery capital to strengthen capacity to build and maintain lives in recovery and build recovery sustainability
