New Business

- Madison delivered a presentation about our strategic planning. Madison mentioned that over the coming months, the PJRC's primary focus will be developing our strategic plan, which is scheduled for completion in June. We encourage council members to actively participate in this process, as it directly impacts our council's future. If you're interested in sharing your insights and contributing to this endeavor, please don't hesitate to get in touch.
- Madison asked for Suggestions for meeting formats: What components would you like our meetings to include? Presenters – if so, how often? NO Presenters?
- Any specific topics? Ideas? Suggestions?
- Council member Aaron Sibert from Centerstone proposed organizing a ROSC council meeting every quarter at one of the area's high schools. This initiative aims to provide a platform for our youth to voice their perspectives on school-related matters, which might otherwise go unnoticed by the administration. Madison inquired if anyone has connections or relationships with school administrators or teachers.
- Alexis Adams- expressed her willingness to reach out to Johnston City Schools to arrange a ROSC meeting at their facility. Madison highlighted the recent passage of a law and emphasized that Fentanyl awareness education is being provided in schools. Jordan Strong- thought it was a great idea about going into the schools.
- Madison mentioned if anybody had any ideas on topics to send her an email at madisono@takeactiontoday.net.
