Sign In: 15 Attendees  
6 PLE

Notes: The May meeting for the McDonough/Fulton County ROSC was very successful and informative. We had representation from 11 different agencies. Agencies represented included; Bridgeway, Genesis Gardens, McDonough County Health Department, Chestnut Health Systems, Oxford House, ROE 26, Birth to Five, Veterans Association, North Central Behavioral Health, AHEC, and Salvation Army 360. Six people with lived experience were also present. The format of the meeting was quite different from previous meetings. Coordinator requested feedback from all participants and organizations. Council discussed people and organizations that are missing from the meetings and council all together. Council also discussed what format of meeting would be most beneficial to the council moving forward. Coordinator has met with council members and superiors at Bridgeway to discuss the strategic plan and direction of council.

Notes:  
**Welcome**

*ROSC*

*ROSC Mission:*

**Welcome**

**ROSC Mission:**

“Collaborating to build and empower communities of recovery”

**ROSC Vision:**

- People can and do recover.
- Individuals and families determine the supports and services they need.
- Services and supports are continuous and cohesive across different phases of care and are coordinated across the various agencies involved in their delivery.
- Support of recovery is a community responsibility and value.
- There is inherent flexibility in the system, so it can be responsive to different pathways to recovery.
- Measuring quality and outcomes is a system priority.

**ROSC Values:**

- Recognize the right of a person to direct their own recovery
- Recognizing that there are many models of, and paths to, recovery
- Operate with integrity and a sense of personal responsibility
- Include the “voice” of peers, family members, and the community in planning and decision-making
- Implement programs with competency and good stewardship
- Empower individuals and families
- Embrace cultural diversity

**ROSC Goals:**

- Inform, educate and empower individuals and communities
- Determine existing services available as well as the needs to expand necessary services in the areas of prevention, treatment, peer recovery support and systems improvement
- Partnerships that are rich and diverse
- Increase in the number of people pursuing recovery, improving recovery capital to strengthen capacity to build and maintain lives in recovery and build recovery sustainability
