Purpose of the Final Report: This report documents the implementation of short-term goals set by DCRC during FY24.

The DCRC has successfully delivered over five engaging presentations to local stakeholders, outlining the impactful ROSC strategic plan. Additionally, the ROSC has effectively convened 12 monthly ROSC Council meetings and hosted monthly education groups/events. DCRC has played a pivotal role in expanding support groups for peers such as getting community stakeholder trained in SMART Recovery and has significantly increased access to education within communities, particularly focusing on harm reduction pathways. Furthermore, DCRC has engineered a series of impactful events aimed at reducing stigma and promoting open recovery, such as candlelight vigils, DEC trainings, "hidden in plain sight" exhibitions, and Narcan training. DCRC has also successfully elevated the visibility of ROSC through strategic social media campaigns, radio ads, billboards, and bus ads, thus resulting in a steady increase in ROSC Council membership by at least one member every quarter.
