

## **Introductions:**

New planning committee members- Greg Santoni (TASC North Supervisor), and Jenny Buchanan (TASC Supervisor).

## **Follow-up on Tasks:**

1. Michelle discussed dissemination of anti-stigma campaign materials. Montgomery county is finished, and half of Macoupin County is finished. Marketing materials were distributed to as many towns as possible with highly public areas being targeted (e.g. post offices, libraries, restaurants, retail stores, police departments, city halls). Dissemination of materials was met with little to no resistance from the community.
2. Candi was not present to be able to further discuss dissemination of anti-stigma campaign materials into the schools just yet. Will circle around to discuss later once school starts back up.
3. Kevin Schott spoke on the resource/stigma boards that are being created. The hope is for these boards to be put up in public places where people need them most to provide resources and a safe space.
4. Will circle back around for communication platform
5. Michelle spoke shortly on Youth Advisory Council to explain to the newer planning members what is currently being worked on. Information we receive from this Youth Advisory Council will be brought back to the ROSC and assistance with this Youth Advisory Council is TBD.

## **ROSC Consortium Meeting Discussion – Strategic Plan Changes & Discussion**

### **1. Community Engagement**

- Engage in Montgomery County Board Meeting – next is in August – Kevin Schott said will get ROSC on agenda. Michelle said she will get presentation prepared
- Legislative Summit – 708 Board – Judge Jim Roberts (retired judge who oversaw the start of Montgomery County drug courts), will MC for legislative summit.

### **2. Housing**

- 708 will be doing a survey – Kevin Schott will check to see if there are questions about housing on needs assessment – this survey is also being done with Western IL University.

### **3. Transportation**

- No comments

#### **4. Stigma**

- Add additional social media
- Focus on agencies sharing social media not PLEs

#### **5. Peer/BH Workforce**

- Add Psych Hub as additional training source through Cornerstone RCORP grant

#### **6. Criminal Justice Populations**

- Add Macoupin and Montgomery County drug and mental health courts. Contacts Bane Ulrich and Jim Roberts (retired).

#### **7. Prevention**

- No comments on plan, but Centerstone does provide school-based education focused on drug prevention.
- Make sure to be at Litchfield School Fair July 27. ROSC will be present
- May want to consider establishing a peer support program for youth like in Greene County. Greene county High school has high school students doing peer support to help other youth in the high school!

#### **ROSC Meeting Planning:**

1. Everyone was in agreeance to July's ROSC meeting subject being, "Reintroducing ROSC"
2. Future conversation about the possibility of having an event planning committee.
3. Information/Updates:
  - Centerstone has TREAT program for youth/families ages 10-25 via telehealth (1-877-TREAT).
  - Alexandria LaFaye- contact if you want to be added to Psych hub for educational courses/CEU's.
4. Confirmation with Jon to book Beacon church for 2PM on July 22<sup>nd</sup>, 2024, for the ROSC consortium meeting.
