# Recovery Oriented System of Care

- a. This month we are going to talk about our membership protocols. We want feedback on what should be removed, what should be added, or any other changes we should make to the document.
  - b. We went over the overall Illinois goals and the opening statement of the membership protocols that went over the history of the ROSC and general membership information.
  - c. Under Membership Recruitment Section
    - i. Expand upon PLE line with “will be targeted.”
    - ii. Add attend and participant in meetings under Coalition Members will be responsible for.
  - d. Serena wants to do a coalition vending meeting
    - i. She has seen a decrease in engagement.
  - e. Under Orientation Section
    - i. Take out “new member” introductions, just do introductions for everyone.
  - f. Training in ROSC Framework Section
    - i. Keep the links and have Sam start emailing those resources out.
    - ii. Serrena suggested that we have speakers come in and talk about different educational resources.
      - 1. Someone like TASC—Sam can have TASC come and speak at a meeting. Trina suggested that they partner with TASC to go into the schools.
  - g. Inclusion and role of Non-Member Participants Section
    - i. Serena suggested that we do not send out minutes because it may overwhelm people, but sending out the agenda is helpful.
  - h. Under undetermined section
