Survey Discussion

Julie Pohlman made a great point-- if each person on our council email list sent the survey to 5 people on their email list, we would get the numbers we need!

Skylar has distributed QR Code flyers to the following locations in Moultrie County- Dollar General, Sweet Vale, Sully's Tap House, Rainbow Wash House, Sullivan Police Department, Moultrie County Sheriff's Office, Building 1225 and Gateway Inn.

Moultrie County Jail is having their employees and people in custody fill out surveys. Skylar will be picking those surveys up tomorrow.

Skylar attended both Interagency meetings and had everyone in attendance fill them out. Shelbyville HS doesn't want to participate in the survey. Okaw Valley will be distributing to staff and students and finishing those before the end of December.

HSHS in Shelbyville said they would send out their QR code to staff! Agri-fab is also distributing paper copies and QR codes to their 200 staff!

The council brainstormed more places to get the survey out. Some ideas were bathroom stalls, having pharmacies include them with people's prescriptions, health departments, CEFS-head start, project help, multiple other factories and Central A and M.

Communication Campaign Overview

Our focus this month is Keeping your recovery first through the holidays. We will be sharing information and resources to educate people on how to help members of their family keep their recovery first and to help those who are in recovery via social media and email.
