### Meeting Overview

The HLM Recovery R.O.S.C. Council convened for an engaging and insightful meeting led by **Neesha Stringfellow**, who opened the session with a warm welcome and introduced the **HLM Recovery-Oriented System of Care (ROSC)** initiative. **Pastor Asa Slaughter** was acknowledged for his ongoing support and contributions to the recovery community.

### Icebreaker & SWOT Analysis

**Operations Director, Tarcia Leak**, facilitated an interactive **S.W.O.T. Analysis** (Strengths, Weaknesses, Opportunities, and Threats) to encourage attendees to reflect on the current landscape of recovery services and identify areas for improvement. participants shared strengths, including available resources in Grundy County. Weaknesses like gaps in services for the uninsured, hospital-to-treatment transitions, and transportation challenges were discussed.
