- Coffee Talk @ Winchester
- There is a support group for parents who lost children available in Jerseyville, which meets monthly. The group meets on the 3<sup>rd</sup> Thursday of the Month at 6 PM. The group is called Jerseyville Angel Moms. If anyone is interested in riding together, please contact Beth Burrus at [bethburrus1@hotmail.com](mailto:bethburrus1@hotmail.com)
- There is a Bounty Box available for gardeners to put their extra produce in to provide free healthy homegrown food to our community in need.
- Hired new staff for assistance with Jersey County jail system and Koen Counseling
- Kyle Robison will be talking to students about the use of Opiates and driving during Driver Ed Classes in Greene County
- Finding Hope: Weekly meeting for those struggling with Meth use

## Guest Speakers:

### Illinois Valley of Economics Shari Axley

Shari is the director/lead for monetary assistance such as electric, heating, weatherization program, college, and work force needs. She shared information about who to contact and how to contact. The office is located in Carrollton.

### ROSC Council Member Keppen Clanton

Keppen shared the results of the community survey providing hi-lights of needs being met versus gaps that may exist in the community. These results will be used to complete a SWOT analysis which in turn will be used to review the current strategic plan. We will be going through the strategic plan and hi-lighting what has been accomplished and then address the gaps by developing strategies and actions for the upcoming year.

Addressing social determinants of health for substance use recovery.

- Discussions highlighted the importance of addressing social needs, such as access to clean clothes, to help individuals in recovery connect with resources and achieve their goals. Thanks to a coordinated effort between every member of the ROSC, much of our work has been centered on this over the past year and a half. This must continue as this is making a difference in people's lives. It also supports each of our service delivery areas of the various members, bringing coordination to our recovery-oriented system of care. We are helping people get jobs, getting them access to educational resources, finding medical care, accessing health and wellness supports, helping get laundry, finding clothes, identifying resources to support social needs, getting legal support, and so much more. Also discussed the importance of donations to keep the supply closet going.

## Member Updates

- Just as a reminder, there is a Member Orientation on the 3<sup>rd</sup> Wednesday of every month where new members can join to learn about ROSC, our work and the direction of our council
