

SANGAMON COUNTY ROSC FY25 IMPACT REPORT

Promoting recovery and reducing stigma

COUNTY SERVED: SANGAMON COUNTY

LEAD AGENCY: FAMILY GUIDANCE CENTERS INC.

Focused Populations in FY25:

- Service Providers
- Unhoused populations
- People with lived/living experience

Priority Outreach Sectors & ROSC Council Sector Representation (ACTIVE MEMBERSHIP):

Individuals with lived/living experience, treatment providers, recovery support circles, criminal justice system, government agencies, healthcare, education, faith-based sectors, civic organizations, local businesses, and youth-serving agencies.

Key Initiatives & Impact

Awareness of Recovery Resources:

Developed and distributed printed and digital resource guides to individuals and organizations, improving access to recovery services.

Awareness of Harm Reduction:

Ensured Naloxone access at all community events and shared information about MAR services. Partnered with 2 Harm Reduction agencies for events to expand impact.

Awareness of Addiction & Recovery:

Planned 11 recovery-focused events and supported 5 additional events hosted by community partners to reduce stigma and raise awareness.

Systems Change Impact

Over the last year, the Sangamon County ROSC council has worked to reduce stigma and increase awareness of resources, addiction, recovery, and harm reduction.

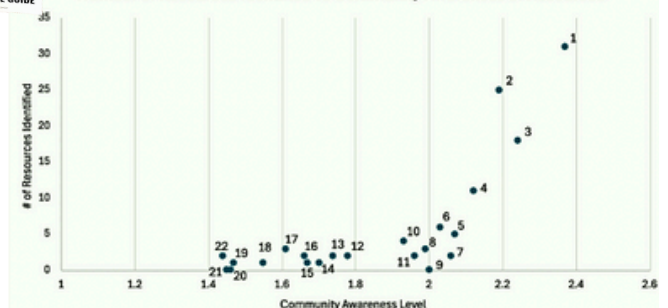

- Hosted 11 community events with a total of 385 attendees.
- 41 local businesses have donated items or venue space.
- A community resource booklet was created in April, and over 1,500 copies have been distributed so far.
- Presented our ROSC and Community Assessment/Strategic Plan to two distinguished, high-profile audiences: the 708 Mental Health Board and the Massey Commission.
- Created a new ROSC website: <https://www.sangamoncorosc.org/>

Community Challenges Addressed

- Reducing Stigma
- Promoting Harm Reduction

Number of Resources Identified vs Community Awareness of Resources
