

PROFILES OF ACADEMIC MAJORS

FALL 2014-2024

The Office of Institutional Research & Effectiveness

PROFILES OF ACADEMIC MAJORS -- FALL 2024

The *Profiles of Academic Majors* (PAM) provides a ten-year longitudinal snapshot of enrollments, admissions, degrees awarded and student demographics arranged by fall term or academic year as appropriate.

The PAM is organized into six major sections. The first section provides summarized enrollment data at the university level followed by detailed summaries by academic level, degree seeking and non-degree seeking. Data on certificates will be included with non-degree seeking numbers. The next four sections provide data by individual college: College of Arts and Sciences (CAS), College of Business (CB), College of Education (CE) and College of Health and Human Services (CHHS). Each section begins with a college summary page and then breakout sections by academic level and degree program. Concentrations and sequences are rolled up to the degree program level and are not listed separately. Degree programs are grouped by division/department within college. An Index is provided which lists all majors within each school by academic level. The sixth and final section provides enrollment data for undeclared/non-degree seeking students organized by academic level.

There are two pages of statistics for each degree program or summary grouping. The first page for each provides fall enrollment and student demographic data, which includes gender, race/ethnicity, full versus part-time, average credit hours load and average age and is effective as of the Fall 2024 currently enrolled students census file. The first table on the second page provides applications and admissions numbers and is effective as of the Fall 2024 applications and admits census file. The second table on the second page provides the degrees awarded data for the academic year and is from the degrees awarded academic year 2023FA-2024SU file as of October 29, 2024.

Programs with less than three years of data were deleted from the program pages but are still included in the Totals pages for their respective college and academic level.

Footnotes:

- 1. Unduplicated enrollment headcounts:** Students may be enrolled in more than one degree program. They are counted once in each program in which they are enrolled. Headcounts at the university and college levels are unduplicated and do not sum to the total number of students enrolled in individual programs.
- 2. New/Revised race categories effective Fall 2012:** The first page of statistics for all sections are expanded as available to include non-minority races (e.g. International, Unknown and White).
- 3. Full-time enrollment calculations:** Undergraduate ≥ 12 , Masters ≥ 9 , Doctorate ≥ 6 . Part-time enrollment calculations: Undergraduate < 12 , Masters < 9 , Doctorate < 6 .
- 4. IBHE FTE calculations are as follows:** 1 FTE = 15 SCH for an undergraduate student and, 12 student credit hours (SCH) for a graduate student.
