Analysis of Results	<ol style="list-style-type: none"> 1. Do not have specific results to share in regards to success of the NSO coupon at GSU specifically, however the program was an overall success to Follett and do plan to keep in place for the 2018/19 academic year at GSU – have seen some usage in June 2018 already from incoming freshman – after first orientation had 4 students come in to use the coupon provided at orientation. 2. Do not know how this was handled in the 2017/18 academic year, however do plan to partner with the university to share key initiatives in 2018/19 about the bookstore in order to expand our reach to the campus and specifically students. <p>Do have signage in the bookstore and around campus. Would like to look at the possibility of Financial Aid messaging to students to expand on the reach of access to FA and ability to use online and in-store. Results above show an increase in transactions and overall sales as compared to 2017.</p>

Analysis of 2017/2018 survey responses against 2016/2017 responses
Responsible Person and/or Unit (Data collection, analysis reporting)	Bookstore Manager
Milestones (Identify Timelines)	May 2018 (survey administered and analyzed)
Desired Outcomes and Achievements (Identify results expected)	<ul style="list-style-type: none"> • 10% increase in the number of students, faculty, and staff who complete survey • Comparison of 2017/2018 survey responses against 2016/2017 survey responses will show improved performance and satisfaction with Bookstore services & programs on key indicators
Achieved Outcomes & Results	With loss of Bookstore manager in early spring semester, the survey developed in 2016/2017 was not administered in the spring 2018 semester.
Analysis of Results	Provided the results of the Fall survey to the campus contact as part of this update. The results are compared to Follett averages as we do not have a GSU survey to compare results. Follett plans to conduct another survey in Fall 2019 (and we could then have a comparison survey).
