Desired Outcomes and Achievements (Identify results expected)	Provide programs, activities, and experiences that enable student clubs to actively engage in campus life.
Achieved Outcomes and Results	CEO Leadership Certificate Program offerings were increased with more workshops facilitated by faculty, alumni and community members. A few considerations would be to implement more professional workshops for Club/Org leaders and non-org members. Based on the feedback form the C.E.O. Leadership Workshop students who were not members of Clubs/Orgs were interested in attending the workshops, but wasn't allowed due to non-

	membership. Currently under review but we will up the workshops for all students but make it mandatory for new Exec Board Members.
Analysis of Results (Where outcomes met? Exceeded? Progress towards goal.)	The outcome was met. Future considerations include making the Club/Org Advisor Training more interactive and less lecturing. Requiring weekly or Bi-weekly check ins from Club/Org Presidents to update Coordinator with important dates, and upcoming events. Additionally through partnerships with Procurement and University Events, student leaders are being empowered to be more engaged in purchasing and room reservations with their advisors support and guidance.
